Revolve CF

Main Products

1. Glassine release paper

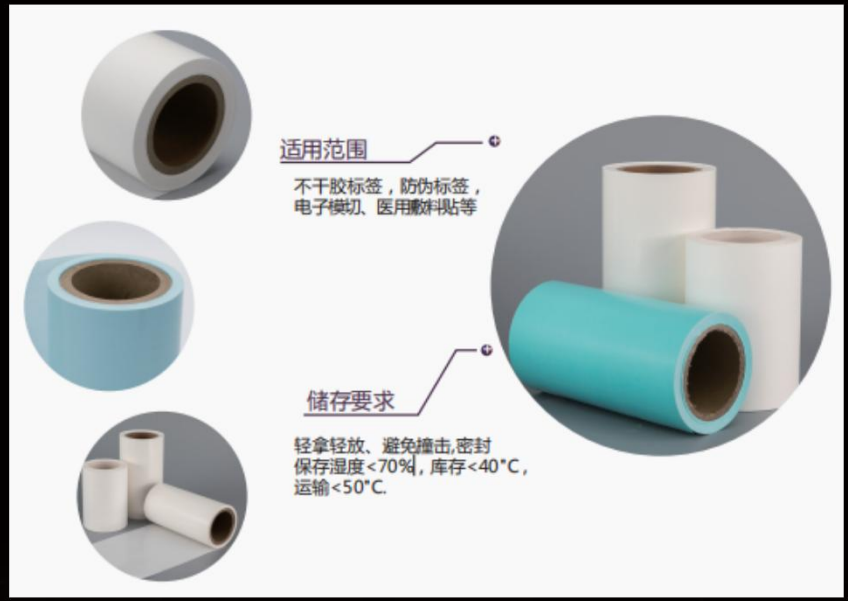

Main features: imported silicone oil, high temperature resistance, solvent-free silicone oil, good flatness, good toughness, punching resistance

Size: 1090mm

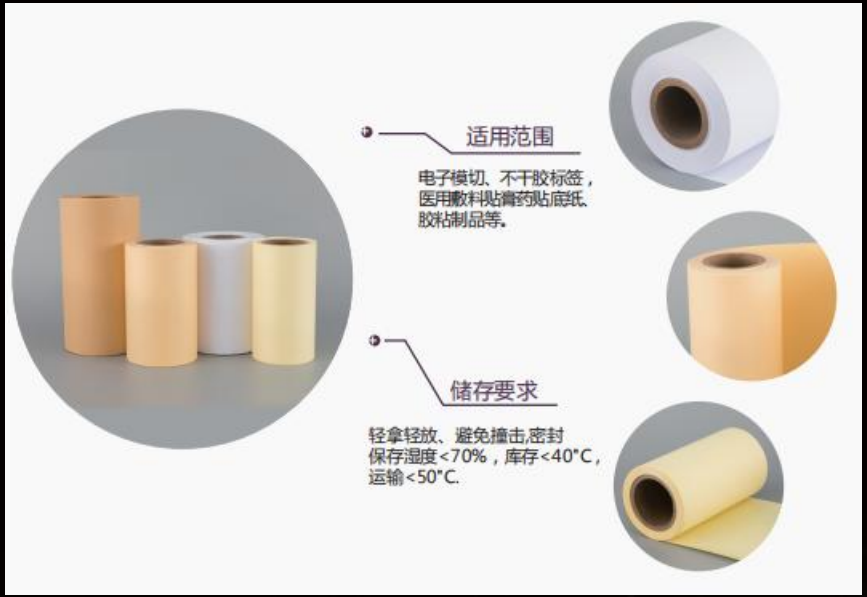

White color gsm: 40g, 60g, 80g, 90g, 100g, 120g

Blue color gsm: 60g, 80g

Peeling force: 1-1000g/25.4mm

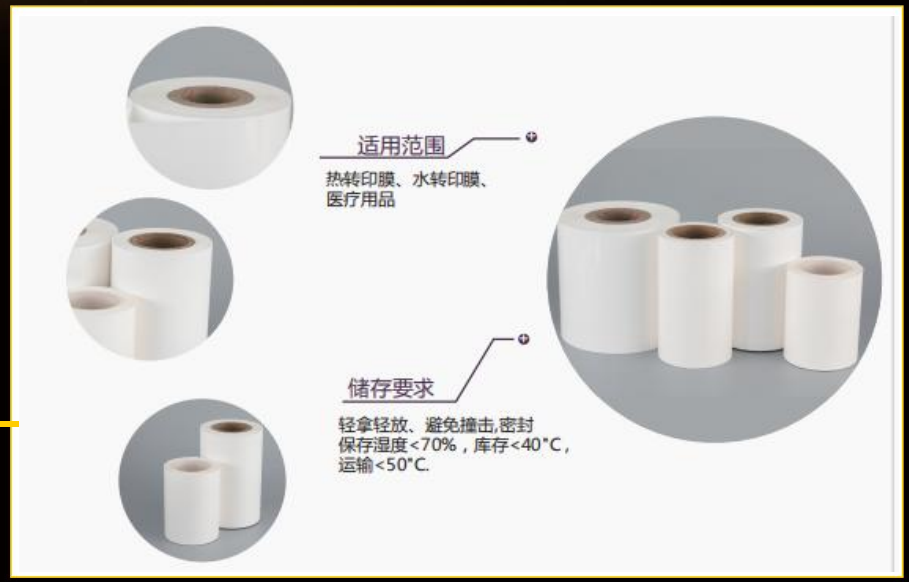

2. Laminated release paper

Main features: good flatness, good toughness, punching resistance
Size: 1040mm, 1090mm, 1240mm, 1290mm, 1540mm
White color paper gsm: 30g-230g
Yellow color paper gsm: 75g, 100g, 118g
Kraft paper: 45g, 55g, 70g, 85g, 100g, 120g
Peeling force: 1-1000g/25.4mm

Revolve CF

3. Plastic-free release paper

Main features: stable release force and good toughness

01

White color

gsm: 40g - 230g

02

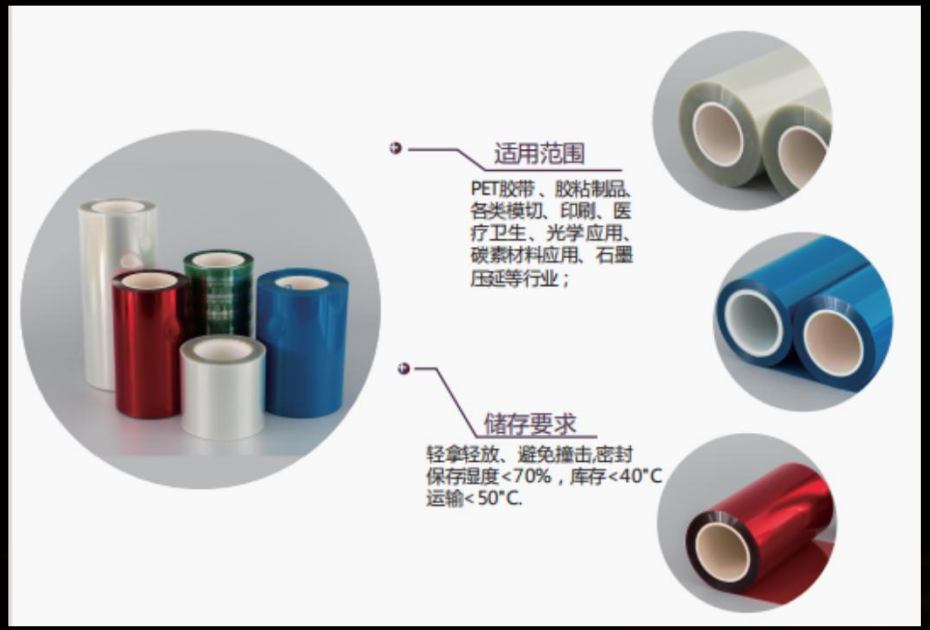

Peel force: 1-1000g/25.4mm

03

Size: 930mm、960mm、1020mm

04

4.PET release film

Single/double silicone oil layer release films

- Main features: good flatness, good toughness, punching resistance
- Size: 1090mm
- Thickness: 1.2c, 2.3c, 2.5c, 3c, 3.6c, 5c, 7.5c, 10c, 12.5c
- Color: transparent, white, blue, black, yellow, green, red, matte
- Peel force: 1-1000g/25.4mm

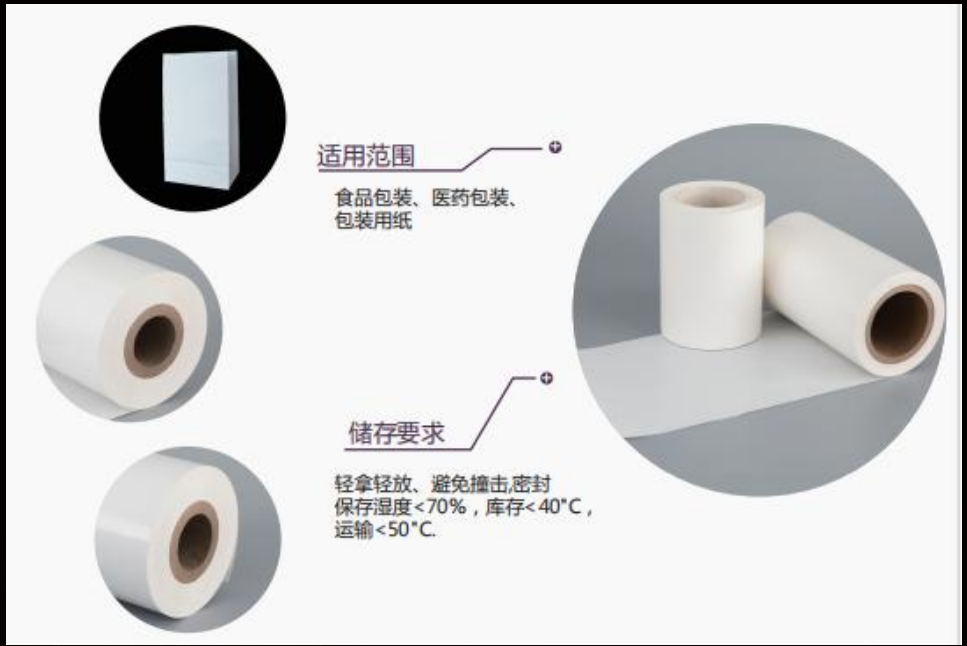

5. Biodegradable laminated paper

Main features: biodegradable and good heat-sealing properties.

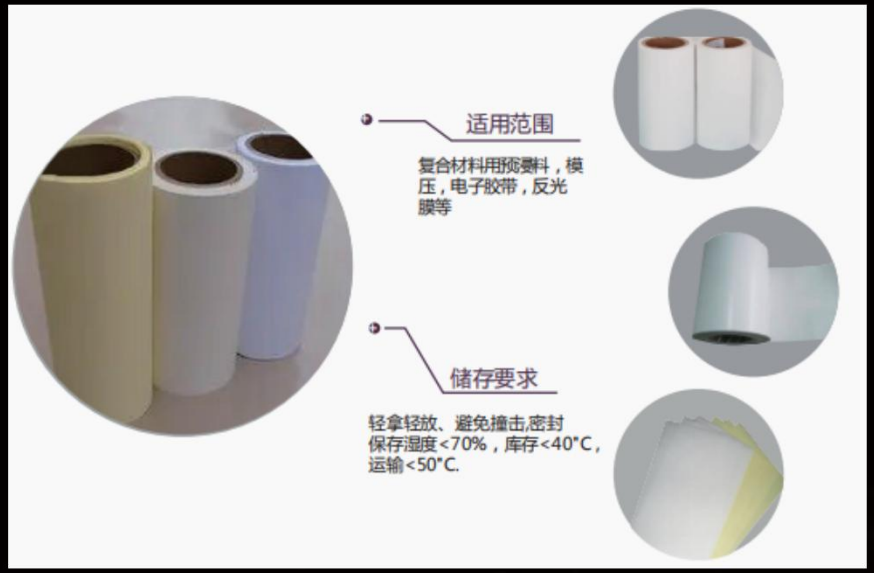

Application range: food packaging, medical packaging.

Size: arbitrary cutting

gsm: customizable

6.CCK release paper

Main features: high temperature resistance, dense texture, uniform coating, good internal tensile strength and flatness, good curling resistance, good paper stiffness, high smoothness, good tensile strength, high temperature resistance, stable peel strength

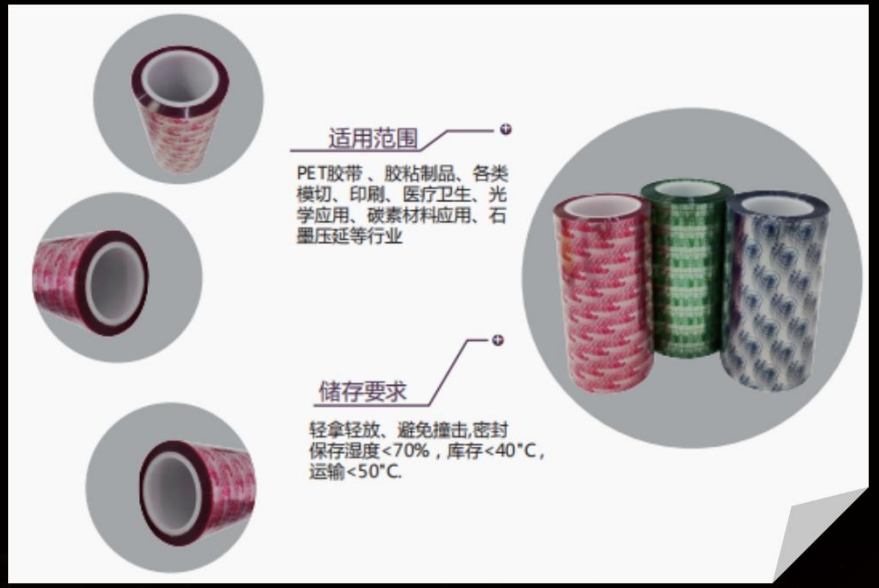

Size: 1090mm

gsm: 120g

Peeling force: light peeling force

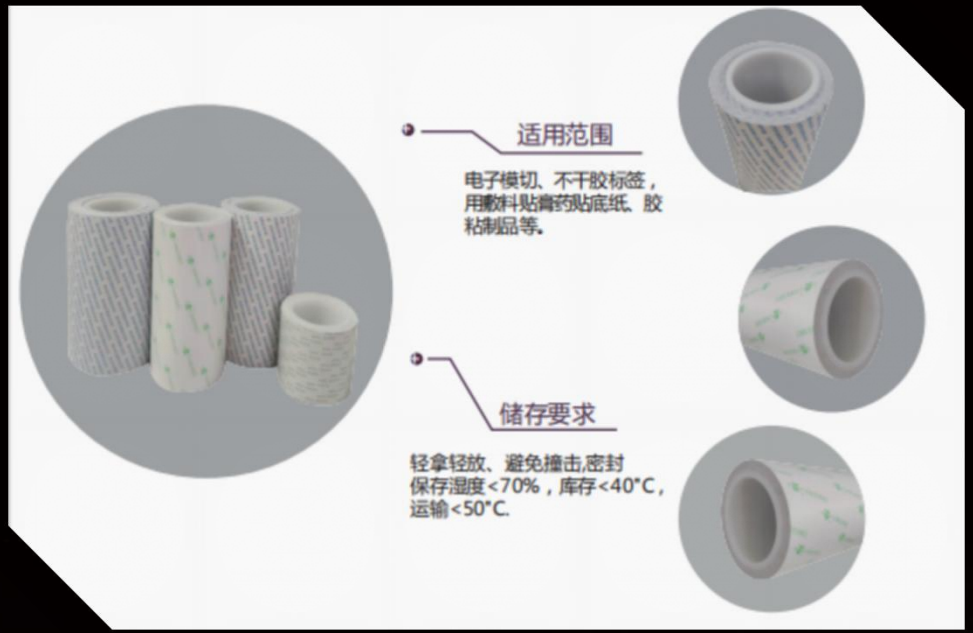

7. Film printing

1. Main features: high temperature resistance, good cleanliness, no scratches.
2. Size: customizable, maximum width 1500mm
3. Thickness: 12mm-250mm
4. Color: customizable printing pattern
5. Peeling force: customizable

Single/double silicone oil layer films

8. Paper printing

- Main features: good flatness, good toughness, punching resistance
- Size: customizable, maximum width 1500mm
- gsm: 30g-400g
- Peeling force: light peeling force

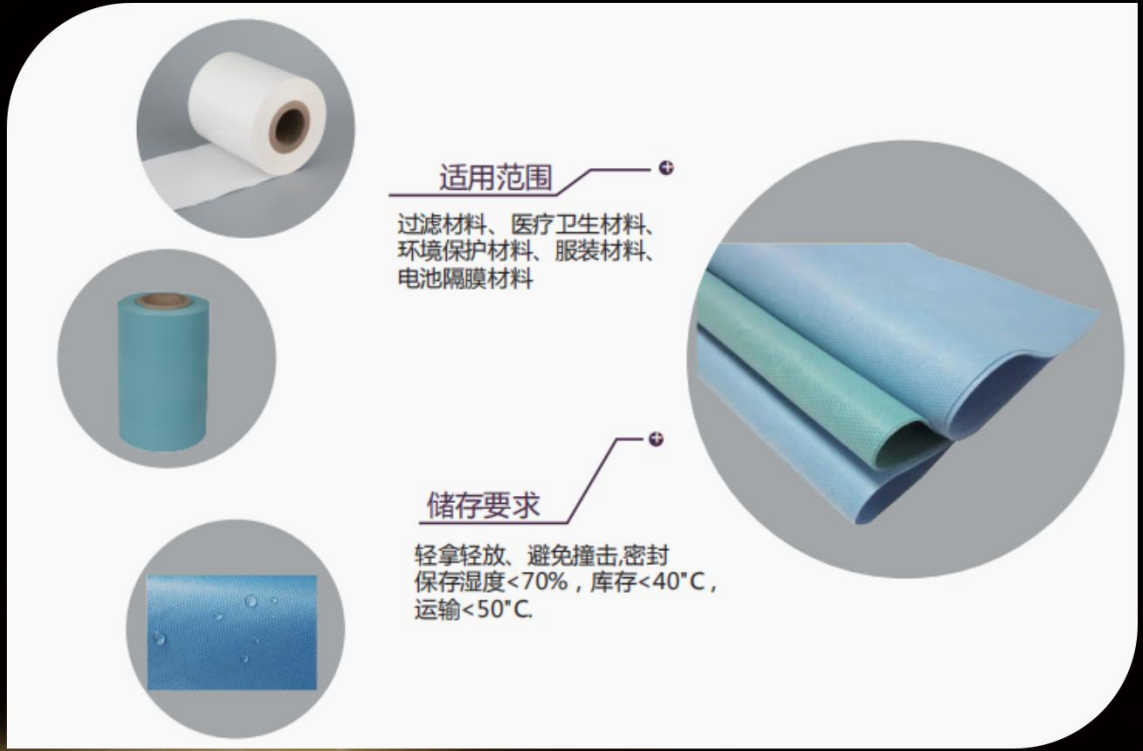

9. Non-woven fabric laminating

Main features: Water-repellent, anti-penetration, hydrophilic non-woven fabric

Size: Customizable, maximum width 1650mm

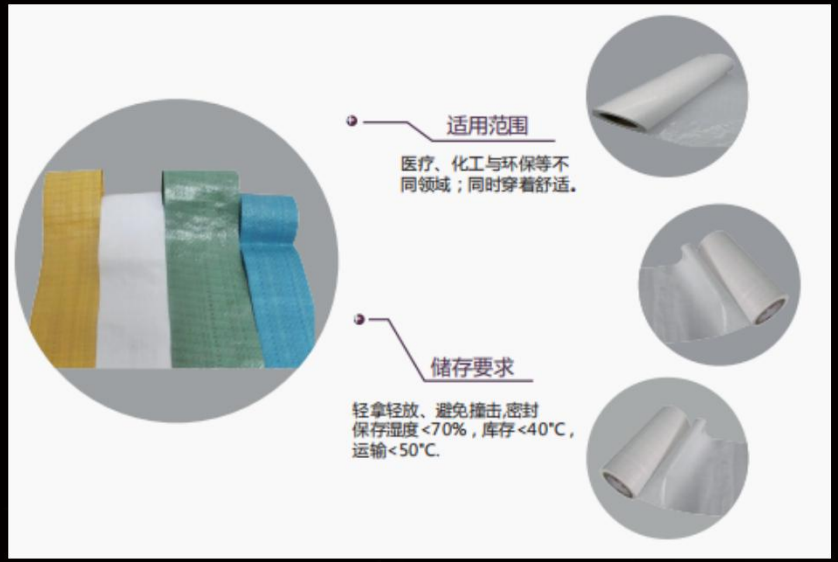

gsm: Customizable

Peel force: Customizable

Revolve CF

10. Woven fabric lamination

Main Features

Waterproof, anti-static, soft touch, good toughness, safe and environmentally friendly.

Size

Customizable, maximum width 1650mm

gsm

Customizable

Peel force

Light peel force

Revolve CF

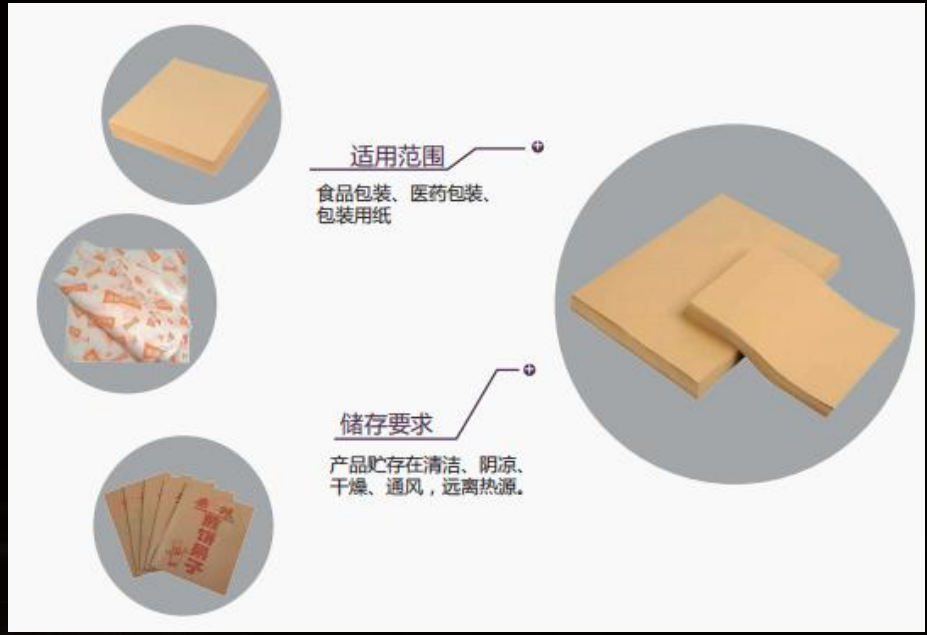

11. Food packaging paper

01 Main features: oil-proof, waterproof and moisture-proof, sealed, etc., meet the requirements of food hygiene

02 Size: Any size can be customized

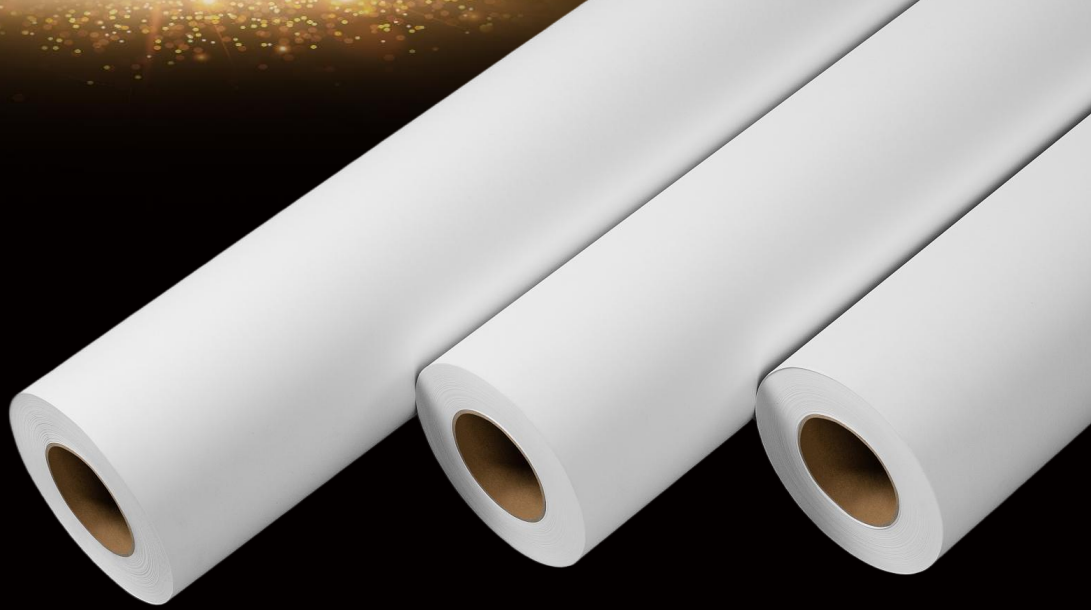

03 gsm: Customizable

04 Peel force: Customizable

Revolve CF

Application

Revolve CF

Applied in the glue coating industry, commonly used glues are: hot melt glue, oil glue, hydrogel, rubber, butyl glue

Revolve CF

1. Self-adhesive

1

Regular products:

40g, 50g, 57g, 80g of glassine paper with single-sided of silicone oil layer.

68g, 80g, 100g, 120g of white/yellow kraft paper with single-sided of laminating layer+single-sided of silicone oil layer.

2

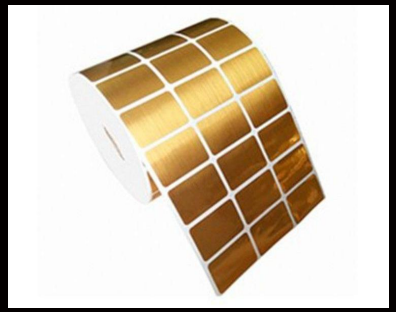

Standard widths:

1040mm, 1090mm, 1280mm, 1540mm, 1620mm, etc.

1.Self-adhesive

Keywords:

PVC stickers, transparent stickers, three-proof thermal stickers, coated paper stickers, kraft paper stickers, glass card stickers, special paper stickers, aluminum foil stickers...

2. Advertising Consumables

Regular products:

Commonly used for advertising consumables

100g, 120g, white/yellow kraft paper with double-sided laminating layer + single-sided silicone oil layer.

White paper with double-sided laminating layer + single-sided silicone oil layer.

Standard widths:

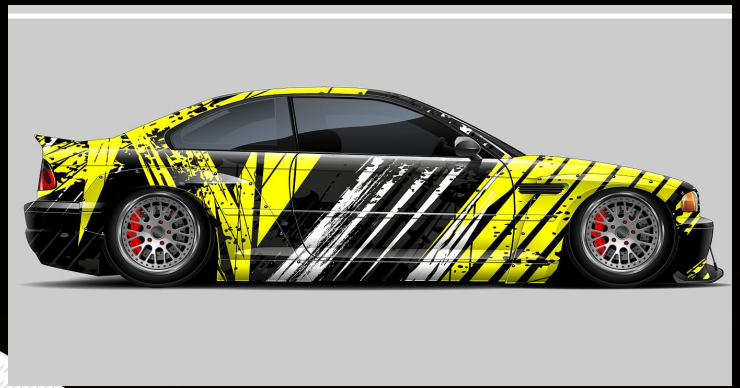

For advertising consumables: 940mm, 1080mm, 1280mm, 1380mm, 1540mm, etc.

2.Advertising Consumables

Keywords:
Outdoor advertising stickers,
car stickers...

3. Reflective materials

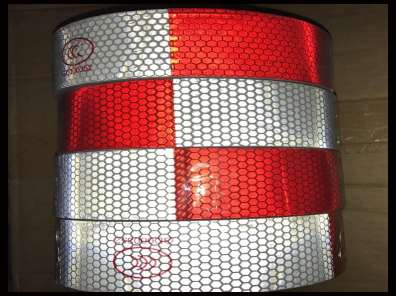

Regular products:
100g and 120g yellow kraft paper with single-sided laminating layer + single-sided silicone oil layer.
100g and 120g yellow kraft paper with double-sided laminating layer+ single-sided silicone oil layer. (Silicone-free surface can be printed)

Standard widths:
940mm, 1080mm, 1280mm, etc.

Revolve CF

3.Reflective materials

Keywords:

Warning reflective stickers,

car body reflective stickers...

4. Home Decor

Regular products:
45g kraft paper with single-sided laminating layer + single-sided silicone oil layer.
45g newsprint paper with single-sided laminating layer + single-sided silicone oil layer.
52g white kraft paperwith single-sided laminating layer + single-sided silicone oil layer.

Standard widths:
745mm, 1230mm, 1260mm, etc.

4.Home Decor

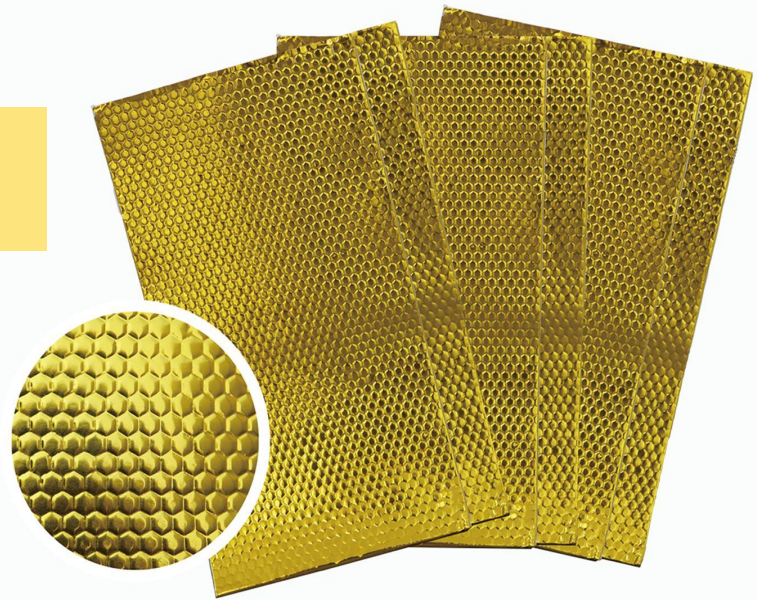

Keywords:
Wall stickers, range hood stickers, Velcro...

5. Sound insulation, shockproof and thermal insulation materials

Regular products:

52g,70g,80g,100g white/original color kraft paper with single-sided laminating layer + single-sided silicone oil layer.

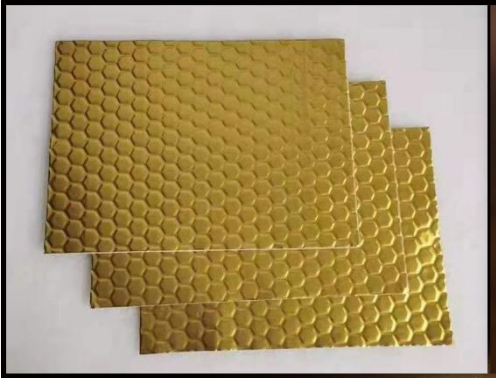

Standard widths:

515mm, 520mm, 1000mm, 1040mm, 1230mm, etc.

Revolve CF

5.Sound insulation, shockproof and thermal insulation materials

Keywords:
Damping pad, EVA foam adhesive, sponge adhesive...

6. Packaging

Regular products:

Release paper:

40g, 52g, white kraft paper with single-sided laminating layer + single-sided silicone oil layer.

PET release film:

19μm transparent PET release film with single-sided silicone oil layer.

25μm PETmatte release film with single-sided silicone oil layer.

Standard widths:20mm

Revolve CF

6.Packaging

Keywords:

Express bag, Courier bags,

Bubble mailer,Padded envelope

7. Building materials

Regular products:

Release paper:

80g, 100g, 120g white glassine paper with double-sided silicone oil layer.

100g 120g white kraft paper with double-sided laminating layer + double-sided silicone oil layer.

PET release film:

12μm, 19μm, 25μm, 30μm, 36μm, etc.

Standard widths:

1000mm, 1060mm, 1230mm, 1280mm, etc.

7.Building materials

Keywords:

Butyl rubber strip, butyl rubber barrel, waterproof membrane...

8. Electronic die cutting

Regular products:

50μm, 75μm, 100μm, PET release film with single-sided silicone oil layer.

80g, 100g glassine paper with single-sided silicone oil layer.

High-grade white/yellow kraft paper with single-sided laminating layer + single-sided silicone oil layer.

High-grade white kraft paper with double-sided laminating layer + single-sided silicone oil layer.

Standard widths: 1090mm

Revolve CF

8.Electronic die cutting

Keywords:

Release paper die-cutting,

PET release film die-cutting

Revolve CF

9. Tape

Regular products:

Release paper with single-sided laminating layer + single-sided silicone oil layer.

Release paper with double-sided laminating layer + double-sided silicone oil layer.

Release film with single-sided silicone oil layer.

PET release film with double-sided silicone oil layer.

Standard width

1040mm

1090mm

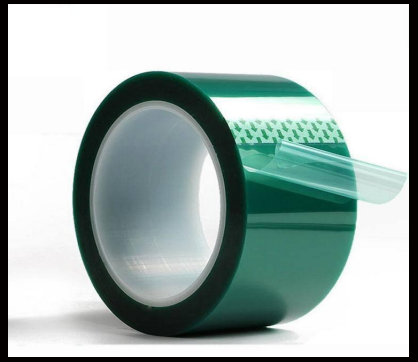

1280mm

Revolve CF

9.Tape

Keywords:

Kraft paper tape, cotton paper Double-sided tape/adhesive, foam tape, aluminum foil tape, cloth-based tape, cleaning tape, PET tape, non-woven tape...

Revolve CF

10.Sealing

Regular products:

80g, 100g, 120g glassine paper with double-sided silicone oil layer;

80g, 100g, 120g white kraft paper with double-sided laminating layer + double-sided silicone oil layer.

50g, 70g kraft paper with single-sided laminating layer + single-sided silicone oil layer.

52g, 70g, 80g, 100g, 120g release paper with single-sided laminating layer + single-sided silicone oil layer.

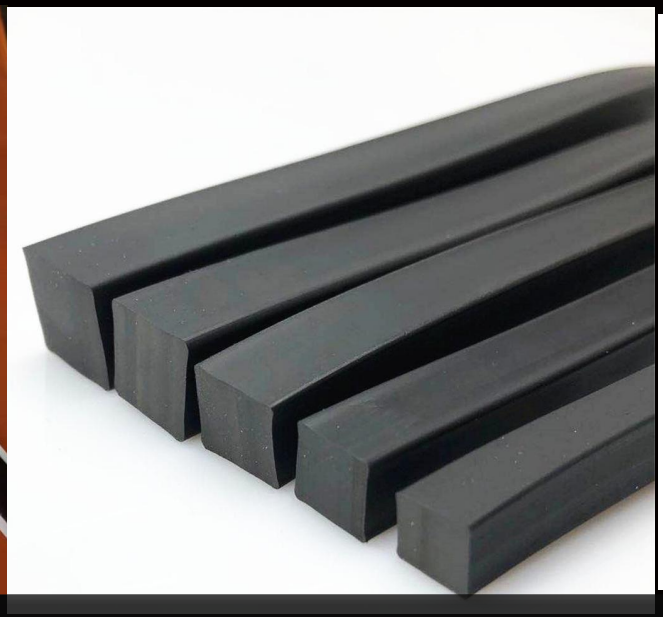

Standard widths:

1040mm, 1090mm, 1280mm, 1540mm, etc.

Revolve CF

10.Sealing

Keywords: Sealing strip, butyl strip...

11. Environmentally friendly sticky insect material

Regular products:

12μm transparent PET release film with single-sided silicone oil layer.

40g glassine release paper with single-sided silicone oil layer.

80g, 100g, 120g white kraft paper with single-sided laminating layer + single-sided silicone oil layer.

Standard widths:

145mm, 200mm, 250mm, etc.

11.Environmentally friendly sticky insect material

Keywords:

Insect sticky board, fly trap, cockroach house, special-shaped insect sticky board...

Revolve CF

12. Medical and health materials

Regular products:

01

63g, 80g, 90g, 100g, 120g white kraft paper with single-sided laminating layer + single-sided silicone oil layer.

60g, 80g, 90g, 100g, 120g white glassine paper with single-sided silicone oil layer

Standard widths:

02

430, 520, 535, 540, 1040, 1090 mm

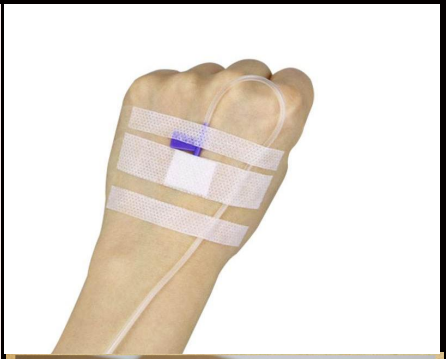

12.Medical and health materials

Keywords:

Plaster, wormwood patch, foot patch, Band-Aid, sterile dressing, infusion patch, magnetic therapy patch, chest patch, muscle tape...
